

The Aventures Of America

3 0 1

Chapter 1 by Maya Rogers

Once upon a time in a land called America were there favorite pastime was baseball and there lived a beautiful queen named Anatashia. She lived in a big beautiful castle at the top of the highest hill in the land with her best-friend the gingerbread man and his name was Ginggy. He was the only person or cookie in the land that knew about her special powers, he was a bit of a loud mouth, and he was clumsy and always seemed to ruin things, and nobody liked him but the queen saw the good in him and took him in as her royal best-friend most people didn't recognize the legitimacy of his position and people made fun of him when the queen was not around but most of the time when the queen is around everybody kept there mouthed zipped tight in fear of what evil thing she might do to them. Everybody in America had a different opinion about the queens personality, some thought she was evil and some thought she couldn't hurt a fly. The only reason for this shadow of doubt was due to the somewhat evil queen that lived a sea and a horse ride away. Her name was Samantha and she happened to be Anatashias cousin. The strange thing is they used to play all the time with each other when they where little and then Samantha had to go away because Anatashia went through "the change" as they called it, and what Antashia didn't know was that soon after Samantha went through this change and got the power of electricity. One day Anatashia was sitting on her pallet with Ginggy who was on the computer updating his cookiegram status and he was freaking out about what caption he should put.
